Organizes

AICTE Sponsored International Conference on

APPLICATION OF AI, ML, DL, BIG DATA ON RECENT SOCIETAL ISSUES (ICARSI' 23)

21st & 22nd APRIL 2023

MODE : HYBRID

ABOUT THE INSTITUTION

Saveetha Engineering College (SEC) was established in 2001, by the Founder President Dr N.M Veeriyar, a committed and dedicated Medical Professional. SEC has 13 UG courses & 7 PG courses including MBA, Doctoral Programs (Ph.D.) in five Departments. The college is autonomous under Anna University, accredited by NAAC with 'A' Grade. NBA accreditation for UG Courses in IT, CSE, ECE, EEE, Mechanical Engineering and has been certified for ISO 9001-2000 by BVQI. SEC has Five Research Centres recognized by Anna University, MOU with reputed academic institutions in India and abroad.

ABOUT THE DEPARTMENT

The Department of Computer Science and Engineering was established in the year 2001 with an intake of 60 students. It was increased to 120 students in the year 2005-2006. In 2017-2018, it is increased to 180. The department offers B.E Computer Science and Engineering, M.E Computer Science and Engineering programs. The department has a team of sincere, dedicated, competent and experienced faculty with commitment to serve the college in achieving its goals. The department has conducted many workshops, seminars, FDP, value added courses, conferences etc, at regular intervals with nationally and internationally renowned resource persons.

CALL FOR PAPERS

Authors are invited to submit technical papers in Taylor & Francis Conference Proceeding template format which are not under review in any other conference or journal for presentation on the following broad topics, but not limited to

Sustainable Goals

- Agriculture
- Quality Education
- Health Care
- Clean Water
- Energy Management
- Climate Modelling
- Green Environment

Technologies for Sustainable Development

- ML & DL
- Big Data Analytics
- Image Processing
- Nano Computing
- Mobile Communication
- Network Security
- 5G technologies
- Internet of Things

ABOUT THE CONFERENCE

The intent of organizing the international conference is to provide tremendous opportunities to academics, researchers and practicing engineers to share the scientific knowledge, industrial experiences and research outcomes. The theme of conference is to address the recent societal issues and provide solutions to them through the application of Artificial Intelligence, Machine Learning and Deep Learning and big data. This conference covers the latest research and computing techniques applied to save Environment and Energy, Waste Management, Engineering Science and Technology. This also provides an opportunity to develop network and collaborations with international and national Universities and Industries.
